PROFESSIONAL SUMMARY

Senior Product & Web Designer with 6+ years of experience designing and building responsive web and mobile app experiences, including 4 years of product design at BigBasket. Combines UI/UX design in Figma and Adobe XD with hands-on front-end skills in HTML, CSS and JavaScript, and uses AI tools to move from idea to prototype faster. Proven in team leadership, project delivery and boosting user engagement by 25%.

WORK EXPERIENCE

Senior Web Designer · BigBasket, Bangalore Oct 2022 – Present

- Product design:** Design app and web features end to end, from user flows and wireframes to high-fidelity UI and interactive prototypes, for the BigBasket e-commerce platform.
- App experience:** Led the redesign of BigBasket app widgets, including bottom sheets, splash screens, rewards flows and PIP floaters, improving usability and customer experience.
- Merchant touchpoints:** Optimised features such as “Brand of the Day”, boosting brand engagement and sales conversions.
- Web design lead:** Manage website updates, landing pages, web emailers and promotional content across the platform.
- AI-assisted workflow:** Use ChatGPT, Claude, Gemini, Lovable and Figma Make to speed up ideation, prototyping and banner production.
- Mentorship:** Mentor junior designers and coordinate with agencies to keep brand design standards consistent.

Web Designer · iBrits Business Solutions, Hosur Jun 2021 – Sep 2022

- Designed and delivered web and mobile app projects for clients across various industries.
- Implemented front-end designs in HTML, CSS and JavaScript with pixel-perfect execution.
- Worked with clients to understand their needs and provided design solutions aligned with their business goals.

Jr. Software UI Designer · Valusoft Solutions, Bangalore Jun 2020 – May 2021

- Created interactive prototypes and wireframes in Adobe XD, reducing the design-to-development cycle by 20%.
- Implemented front-end designs in HTML and CSS with pixel-perfect execution.

KEY PROJECTS

Web Platforms & UI Development · BigBasket

- Led front-end UI development and responsive architecture for the bbdaily and bbinstant platforms, the corporate blog and promotional emailer flatpages.
- Built a responsive CSR donation portal in HTML5, CSS3 and JavaScript, driving a 20% increase in user engagement.

vibeMate, AI Banner Generation Tool · BigBasket

- Designed and built a prompt-to-banner tool that produces layered, editable banners from a text prompt and product links, without a design tool. Built with HTML, CSS, JavaScript, Google Apps Script and Cloudflare Workers AI.

iBrits, Professional Corporate Website

- Conceptualised and delivered a fully responsive corporate website aligned with client branding, with optimised asset loading and cross-browser compatibility.

ChargeUp, EV Charging Port Booking System

- Designed an intuitive booking interface in Adobe XD with user-friendly navigation and streamlined booking flows.
